NORTHEASTERN MONTANA MULE DEER HUNTS

Located in the remote Big Sky country near Glasgow, Montana, this 35,000 acres of deeded land, surrounded by thousands of BLM acres, offers a great opportunity for those hunters looking for a good mule deer. Home to a substantial native deer herd, this secluded region of sagebrush and grassland also boasts migratory deer offering the potential for even greater numbers of deer. Family leased, we know the ranch well and can say with certainty that the land has had very limited hunting the last eight years. We take a maximum number of seven hunters in order to keep the wildlife abundant and our success rates high. Accommodations include guest house lodging and hearty meals.
